

Climb That Mountain

A visualisation tool to help you break down your goal into manageable parts. The summit is your end goal and the way markers along the way are the steps you need to take to get there. Allowing you to keep the summit in sight but your focus being on the next way marker. It will support with keeping you on track and allow you to see how far you have come and what you need to focus on next.

Pop it where you can see it and little by little you will climb that mountain.
